Selectmen's Meeting

MARCH 19, 1985 - by VIRGINIA ARRAL

TOWN BAND DIRECTOR PANDOLFI RESIGNS AFTER 25 YEARS

Selectmen last Tuesday accepted with deep regret the resignation of John R. Pandolfi as music director of the Mattapoisett Town Band. The band, under his direction, has been performing at the bandstand at Shipyard Park for 25 years.

In a letter to Paul Alves, chairman of the Mattapoisett Band Committee, Pandolfi said, "The time has come, after twenty-five years, to relinquish my position as music director of the Mattapoisett Band. The experience has been very rewarding.

"I have watched many young people grow to become good musicians, adults who enjoy performing have become more proficient on their instruments and the professionals have enjoyed making music and providing the nucleus for the band to give good performances."

He continued, "I want to thank you, Paul, and everyone involved in making these concerts a happy and successful experience. Without the cooperation of the town, your committee and especially the musicians who have performed over the years, we could not have kept the fine 'Town Band' tradition alive."

Selectmen scheduled a meeting next Tuesday with Paul Alves and the band committee to discuss a replacement for Pandolfi. Selectmen Chairman John DeCosta and Selectmen Frank Suzan and James Huntoon all spoke fondly of the many years Pandolfi has been conducting the concerts and reminisced of the earlier concerts and the previous bandstands; one was washed away in the 1938 hurricane and the years following in which there was only a stage for the band before the building of the present bandstand.

In other business, Selectmen:

RECEIVED A PETITION from Deidre Smith of 27 Pine Island Road which included 43 signatures of Pine Island Road residents who are seeking to have a 30-mile-per-hour speed limit sign placed on the road and to have police enforcement of the speed limit. The petition reads:

"As residents of Mattapoisett we enjoy Pine Island Road. We do not enjoy watching what was once a safe and quiet residential street evolve into a dangerous and noisy thoroughfare. There are presently over a dozen young children living on this road and their safety is vital. Fun-seeking drivers may be part of the problem, but the 30 M.P.H. speed limit is also grossly abused by many people on their work routes and in daily travel. There is not one sign marking what the speed limit is; nor has there recently been any significant show of any police enforcement. As residents of this area of Mattapoisett, we would like to see speed limit signs posted on each side of Pine Island Road and we would greatly appreciate the Police Department's cooperation in enforcing the 30 M P H limit. As the population of the beach areas of Crescent Beach and Point Connett increases so rapidly in June we would like to see action taken on these matters prior to June 1st, 1985."

The board agreed to check into the matter and report back to the petitioners.

vice president of Universal Industries, Inc., citing a complaint on the quality of phone service in Mattapoisett. The newest operation to be located in the Industrial Park, Universal Industries is constructing a 120,000 square foot building that will house its main warehouse and all the executive offices.

The company official explained the background on why the company decided to locate in Mattapoisett because of such factors and amenities as site preparation, cost of land, proximity to labor force, public services, and access to roadways. "If not for receiving some erroneous information from our telephone vendor and our long distance service vendor, we may not have chosen Mattapoisett", the letter stated.

Schwartz said he was told by both vendors that because of the special type of computer phone the company is currently using, phone operation and quality would be the same as is currently enjoyed in New Bedford. "I perhaps would never have known about the 'access' problem until we actually moved from New Bedford to Mattapoisett if it hadn't been for a conversation I had with our general contractor. Our contractor, whose office is in Mattapoisett and has a phone system similar to ours, alerted me to the fact that phone calls in Mattapoisett take a long time to 'access' because Mattapoisett is a rotary area. After checking with our phone vendors, I was informed, to my dismay, that access time for phone calls made in Mattapoisett is longer than for phone calls made in New Bedford."

The official noted his company currently makes upward of 300 calls on an average day. If the company grows as projected, he anticipates making upwards of 500 phone calls per day in the near future. He repeated his remark "had we known of the situation we might not have chosen Mattapoisett". He urged the Selectmen to do all they possibly could to see that the phone service in Mattapoisett is upgraded.

All members of the board agreed with the letter writer and stressed they will do all they can to influence the telephone com-

AGREED TO ALLOW Town Accountant Barbara Dakin to take the two weeks' vacation coming to her following her recent resignation in the form of salary. Chairman DeCosta said this will have to be done because of the needs of the town. Barbara will have to take the time to train a new accountant.

ANNOUNCED the regular Selectmen's meeting will be held on Monday, April 1, rather than the usual Tuesday, because that Tuesday, April 2, is the town election day. Voting hours at Old Hammondtown School will be from 10:00 a.m. to 8:00 p.m.

All other town offices will be open that Tuesday evening, April 2nd, at the Town Hall, at their regular hours.

SELECTMEN NAME NEW ACCOUNTANT

On Wednesday, Selectmen met with candidates to fill the Town Accountant's position. Unanimously selected was Betty Sears of 4 Harvey Orchard Lane. She is presently working as head accountant for the Mattapoisett/Marion Pharmacy System. Her new duties will begin on April 8, with a yearly salary of $14,425.

Barbara Dakin, who resigned the position effective April 12, will remain for two weeks to train the new accountant. Selectmen Chairman John DeCosta, in making the announcement, commented that "Betty is a very well-qualified young lady with valuable past experience in bookkeeping and computers and we are pleased to have someone local."

Other candidates interviewed by the Selectmen were: Elizabeth J. Benner, 5 Mendell Road, Rochester; Alan T. Whipple, Buzzards Bay; Janice Benoit, 22 Central Avenue, Fairhaven; and Nandini Roy, 16 Atkinson Way, Mattapoisett.

to be voted on at the May 6 annual town meeting created some dissension, some confusion and some agreement.

The two proposals which created the most discussion were the changes sought by the Town Clerk Lois Ennis and Building Inspector David Crook to restrict the storage of boats and recreational vehicles in residential districts to either the owner of the land or the renter.

The second change seeks to make a cap of three vehicles or boats that can be stored on one's property as a right - more than three would require a special permit.

At the conclusion of the hearing, the Planning Board members Lawrence O'Pezio, Peter Perkins and William Matthews agreed to recommend the first change with an amendment to read: "owner of the land, renter, or a member of the immediate family (i.e. parents, daughters, sons, grandparents) that are living on the premises". The second change will not be recommended at the annual meeting.

O'Pezio commented that the rules for boat storage have gone from strict many years ago to lenient in past years and now we are returning to stricter rules. This is to prohibit uncontrollable storage, he said. Questions concerned how to handle enforcement; such as, will the inspector seek out offenders or will it be by complaint only, and what to do if boats are owned by corporations stored in the yard of an employee. O'Pezio said these decisions will have to come later. One resident commented that until "I hear some compelling reason for the change, I feel it is an infringement of my rights".

Town Clerk Lois Ennis said, "Many people own more than three boats - we're getting to be an affluent community." Another resident said he owned six boats of various sizes; some used actively, others only occasionally. A consensus vote showed a decided objection to these proposals.

A proposal to change the RR 30 (rural residents) to General Business (BG) on the north side of Route 6 from the Mahoney sand pit to River Road will be recommended by the Planning Board.

O'Pezio noted the proposal was turned down last year. George Correa, realtor, representing the owner of the property, said since it abuts business, and a survey of area residents shows no objection,

it makes sense to rezone this section General Business. "We changed our request from 400 feet depth to 200 feet depth so as to be consistent with other businesses on the road", said Correa.

Another proposal, much the opposite of the previous request, asks to change General Business District to Rural Residence 30. This proposal is sponsored by Friends Meeting House, across the street on Route 6 from the requested change. The land on the south side of Route 6 extends from P & G gravel yard and the cranberry bog to the Hillside Motel. The Planning Board will recommend this proposal. The vote was 2 to 1 with O'Pezio opposed.

Speaking on behalf of the Friends Meeting, Bradford A. Hathaway of Aucoot Road and an active member of the Friends Meeting House, said "we are concerned with changes in the residential character of the neighborhood. First, an auto body shop was allowed - then a small engine repair shop. The Friends feel our only protection is to rezone the General Business to residential district. We do not want to rezone any businesses that are there now." Another concern expressed by Hathaway is the Blue Laws which have changed since the town accepted the zoning. "Business can now operate on Sunday. Friends Meeting House has been conducting services for over 150 years, and we want to preserve the character of the neighborhood."

Ruth Martocci of Prospect Road and a Friends member, supported Hathaway's com-

ments. She noted, "We have people who walk from Aucoot Road to the Meeting House and property being developed commercially has created more traffic and changed values." She noted the Meeting House has been in use since 1827.

A proposal sought by the Selectmen's office regarding signs brought some confusion. The words "portable or mobile type" would be added to the by-law. The law would also include interior neon signs which can be seen from the outside. The board will not recommend this change.

The Town Clerk explained the suggestion was made by the Selectmen because of the

number of signs on Route 6. The complaint has been made, she said, "that it looks like Buzzards Bay with all the neon signs". Drive along there sometime and really look at the road signs, she added.

Barry Denham asked if Costa's Restaurant could cry "grandfather clause" or could someone go out and put up a sign before town meeting. Ms. Ennis responded, saying, "The effective date is the date the change is first advertised and that has passed." Some questioned just what constituted a mobile sign; that is, does it include one a contractor might put up while he was working on a house where it could be picked up and carried away.

O'Pezio didn't feel he could support the change. He and Perkins feel the wording was not spelled out clearly. Ms. Ennis suggested the Planning Board bring it to the attention of the Selectmen before town meeting and perhaps the wording could be amended. O'Pezio felt the wording was ambiguous and that the Selectmen were being cautious so they won't be accused of spot zoning.

A request to clarify the lot size on Hitching Post Road and Upland Way area will be referred back to the petitioners (Town Clerk and Building Inspector) at the town meeting, as the members felt the intent of the article was confusing. Ms. Ennis explained it was not a rezoning request but just clarification of a gray area that was voted at a 1982 town meeting on the Frank Sylvia development.

The article is to clarify the density regulations that are to be applied to lots that can connect to the town's sewer and those that cannot. It is believed that the intent of the town meeting was to allow building on 20,000 square foot lots if they were connected to the town's sewer. If the lot did not connect to the town's sewer, the prevailing 30,000 square foot regulations would be followed.

A request to clarify a section of the by-law referring to allowing a person to convert a one-family dwelling in the village to a two-family dwelling -- to include that the conversions are for homes on the town sewer system. All board members agreed to recommend this change.

The remaining changes are clarifications and typographical corrections and all will be recommended. The Town Clerk noted the clarification dealing with the set-back of buildings refers to the street set-back and allows 24 feet of tarred road and eight feet on either side of the road, making the 40 feet. Many residents don't realize that eight feet on either side is town property. "Even I have a lovely hedge, but it is located on town road", Ms. Ennis commented.

This letter is in answer to your correspondence dated February 15th, with regard to the Town Wharf. As you will notice I have labeled each of your paragraphs in order to answer your questions in a somewhat orderly fashion.

knowledge, the three people ahead of me do not have boats large enough for a berth. Last year, I was passed over because Mr. Haskell had to find room for B. Ferreira (Gallant Lady), a boat that takes a fifty foot berth. B. Ferreira was number seven then and I was number five. That berth became available when a thirty foot boat vacated. I think that Mr. Haskell could have placed two twenty-four foot boats in that berth since a fifty foot space was found for 'Gallant Lady'. That was last year and this is a new year, and I feel that something should definitely be done about that particular boat being placed ahead of others on the list, and about the berths in general."

FRANK SUZAN'S RESPONSE:

PARAGRAPH B: The procedure followed in this instance has been in effect since the present Harbormaster/Wharf Commissioner reviews the waiting list and determines the next person in line by the size boat that will properly fit the berth. The Gallant Lady was chosen ahead of you, and others, because of her size. Two small boats were damaged very badly in that particular spot due to the weather. A larger boat does much better against the weather conditions in that location. Also, two smaller boats, if placed in that spot, would take up 80 feet of wharf space whereas the Gallant Lady takes up 60 feet.

HOWARD CHADWICK: "It is my understanding that, according to to the rules, one must own a boat and have it on berth by July 1st or forfeit the berth. Also, that berth must be paid for in full by January 31st of that year. With these facts will you explain how the following can be allowed to take place.

FRANK SUZAN'S RESPONSE:

PARAGRAPH C: You are correct in that a

person must own a boat and have it on berth by July 1st or forfeit. However, the Harbormaster/Wharf Commissioner does allow an additional two months beyond the Janary 1st date for payment of berths.

HOWARD CHADWICK: "(1) Mr. Costa has not had his boat on berth for the past two years and still holds a berth. The berth has been used by Mr. Davidson on Route 6. It is a red hull boat and is stored in Davidson's yard. Mr. Costa's boat is a 22' Aquasport, and has been stored in his yard on a trailer until just recently when it was moved to Mr. John Bowman's yard."

FRANK SUZAN'S RESPONSE;

#1. Louis Costa has signed an affidavit stating that he owns a 22 foot Aqua Sport. Mr. Costa does have his boat on berth July 1st every year and for approximately one to two weeks after. Then, Mr. Costa goes commercial fishing and Mr. Davidson utilizes this spot for the two months until Mr. Costa's return. The present by-law allows this, due to the way in which it is written.

HOWARD CHADWICK: "(2) Mr. Smith of North Street sold his boat in September 1983. Since then the boat that has been using that berth belongs to Mr. Talty. It is a 19' Mako and is stored in Mr. Talty's yard on Edgewood Lane."

FRANK SUZAN'S RESPONSE:

#2. Charles W. Smith has signed an affidavit stating that he does own a 19 foot Mako.

HOWARD CHADWICK: "(3) Mr. Hall has a berth. The boat on berth there is owned by Mr. V. Demski and is stored in Mr. Demski's yard. At one time, this boat was owned by Tom Demski.

"(4) The boat in Mr. V. Demski's berth at the pier is

owned by David Demski. It is a lobster boat. The boat registration might be in the names of Victor and David Demski but it is owned and insured through the Massachusetts Lobstermen's Association in the name of David Demski."

FRANK SUZAN'S RESPONSE:

#3. William O. Hall has signed an affidavit stating that he owns a 19 foot Aqua Sport. Mr. Demski, I believe, sold this boat to Mr. Hall some time ago, which should have no bearing on the matter.

#4. According to a signed affidavit, Victor E. Demski is the owner of a 23 foot Seaox. The Harbormaster/Wharf Commissioner has no idea who the boat is insured with, or under what names.

The Selectmen, along with the Harbormaster/Wharf Commissioner, are hoping to institute a new procedure when the Wharf and Skiff Space Ownership Affidavits are filled out. Applicants will be required to present a copy of their current boat registrations. A copy will be taken and then attached to the affidavit form. This should eliminate all questions concerning ownership.

HOWARD CHADWICK: "Mr. Haskell knows about these things. I spoke about them to him, and his comments were: 'Go see the Selectmen' and 'You live down at Holly Woods, why do you want a berth?' and 'I (Mr. Haskell) had a berth for my boat and I gave up the berth'.

when my name and number comes up and there are berths available, then I should have one. I feel the three berths described above (Costa, Smith, and Hall) should be available. They call come under the heading of cover-ups and this is a well-known fact along the waterfront and around town.

"I bring this to your attention because you seem to be interested in the wharf. The duties of the Selectmen include the responsibility of seeing that things are run aboveboard. I trust that you will take proper action."

FRANK SUZAN'S RESPONSE

PARAGRAPH D: Mr. Haskell, Harbormaster/Wharf Commissioner, stated that he did, in fact, talk to you with regard to this matter. He stated that you were advised that the Harbormaster/Wharf Commissioner's position was appointed by the Board of Selectmen and if Mr. Haskell did not answer questions to your satisfaction, then you should see the Board of Selectmen for further clarification.

PARAGRAPH E: The procedure that has been followed in this instance will again be followed when another spot becomes available. If, when the spot is available and your name is the next on the list, if your boat is the correct size, the spot will be yours.

The Harbormaster/Wharf Commissioner files are public record and can be viewed during normal working hours at Town Hall. The Harbormaster/Wharf Commissioner feels confident that this system is working well and

Community Concern Council

NEW GROUP FORMS IN MARION

A Community Concern Council has been formed to study immediate and long-term effects of local laws, financing, and administration of town government which eventually determines the quality of life in Marion.

Its impetus is that the multiple and far reaching effects of Federal, State and Local government and their interpretations and complexities are in need of better understanding by all.

A spokesman for the Council said Study Groups would make in-depth studies of various town matters and that persons of any age, race, sex, level of income, place of residence, or political party were eligible to participate in the Council's activities.

It was emphasized that the Council would be seeking only facts and that diversity of opinion and point of view was thus encouraged in Council discussions.

The Council will release Study Group Reports from time to time but as a collective Council will endorse no specific person for elective or appointive office, reserving however a right to evaluate their performance in the public interest. They will also study all phases of town government by attendance at meetings of town committees, by studies of town records and by conducting surveys.

The Community Concern Council is seen as a public spirited link between the complications of local government and those who pay for it or are governed by it.

Anyone wishing to make contact with the council, either to participate or for correspondence on any town matter, may do so by directing a card of letter to Post Office Box #241, Marion, Mass. 02738. Letters of comment are encouraged.

Rochester Cub Scouts

ANNUAL PINEWOOD DERBY HELD

The Rochester Cub Scouts held their annual Pinewood Derby on March 10th. The boys did a great job designing and painting their cars. The excitement was high and the first place winner was Michael Brodeur; Kenney Rea, second; Matthew Mortensen, third; Matthew Doyle, fourth; Courtney Cook, fifth; Benjamin Taylor, sixth. These boys will enter into the Annual Moby Dick Council Pinewood Derby race.

We wish to thank the judges, and everyone who helped to set up, clean up and made the Pinewood Derby possible.

The Great Grapefruit Diet™

ALL NATURAL APPETITE SUPPRESSANT AND FAT REDUCER

INTRODUCING . . . the latest development in nutritional weight loss technology . . .

. . . the 4-way, all natural weight loss sensation!

1 GRAPEFRUIT EXTRACT — Fruit enzymes promote fat reduction by stimulating cell metabolism.

2 THE GREAT GRAPEFRUIT DIET also contains GLUCOMANNAN, the amazing vegetable fiber, used in Japan for over 1500 years, which absorbs over 50 times its weight in fluids - giving a comfortable "full" feeling, while cleansing your system. Glucomannan, as a high-fiber substance, has the ability to restrict the absorption of fat and cholesterol in the intestines.

3 THE GREAT GRAPEFRUIT DIET contains kelp, lecithin, apple cider vinegar and vitamin B6 - the oldest and most widely used natural fat-reducing formula in the world - for burning and emulsifying fat and to flush it out of the system.

4 Uva Ursi is added to the GREAT GRAPEFRUIT DIET as a gentle, smooth-acting natural diuretic to prevent fluid retention, puffiness and bloating.

The Great Grapefruit Diet™ is carefully formulated with the best natural ingredients to REDUCE FAT AND SUPPRESS APPETITE . . . *Naturally!*

current member of the Brooklyn Philharmonia, Hudson Valley Philharmonic, and White Plains Symphony. Both musicians have had extensive free-lance experience in several Broadway shows.

The concert March 30th will feature classical and contemporary arrangements for the unusual duo. The concert will begin promptely at 8 p.m., and there will be a 10-minute intermission in which refreshments will be served. There is no admission charge and the public is welcome.

The Rotch-Jones-Duff House & Garden Museum, Inc. is a private non-profit organization. The House is a stately Greek Revival mansion designed by Richard Upjohn with its formal gardens patterned after 18th century English gardens. Beside the house is a lovely boxwood garden and a wildflower walk borders the perimeter of the estate. It was the house of three prominent New Bedford families - that of William Rotch, Jr. who built the mansion in 1834, of Edward Coffin Jones and of Mark M. Duff. Enclosed by its tall board fence, the museum encompasses a full city block and reflects a style of life in New Bedford when whaling was at its height.

For further information regarding the museum or concert series please contact the Executive Director at 997-1401.

To The Voters of Mattapoisett

I have lived in the Town of Mattapoisett all my life, attended Holy Family High School, New Bedford Vocational School, and Wentworth Institute. I am a veteran of the Korean conflict. I am presently serving the town as a call Firefighter, and in the past was a Selectman (9 years), Civil Defense Director (12 years), and would like the opportunity now to serve as your HIGHWAY SURVEYOR.

The following are a few policies and programs that I feel need to be changed or updated within the Highway Department so that this department can serve the townspeople to its maximum.

A. Stop the practice of hiring outside equipment for town departments work, unless the town does not own the equipment to do the job, and the borrowing of equipment under the Mutual Aid Law has been tried. If equipment is borrowed in this manner, it is another way to help stay within Proposition 2½.

B. Provide space for town-owned vehicles in one location, so the town does not have to rent garage space to house them. The town has (34) trucks, automobiles, equipment and a bus which should be maintained in one area.

C. With the cooperation of all town departments which use the trucks, automobiles, equipment and the bus, I would like to initiate a central purchasing for the purchasing of all parts, lubricants and tires. I believe this would result in a sizable savings to the town.

D. I would implement a record and map-keeping system for the town's storm drainage system, and other policies for the employees and department that are at a low ebb and in need of updating.

E. I propose that the town appoint a Preventative Maintenance Coordinator for all twenty of the ~~town-owned buildings and~~ structures (with the exception of the schools). This program is badly needed by the town and it should come under the Highway Department, as it is the Construction Department of the town.

   This Coordinator would work in close conjunction with the Board of Selectmen and other Boards that govern town buildings. Having been in the construction business for a number of years, and as a Resident Engineer for the Commonwealth of Massachusetts, I feel that this work, together with the HIGHWAY SURVEYOR'S position, can be accomplished by me.

As you have read, these are a few changes that I would like to make as your HIGHWAY SURVEYOR so this department can better serve you.

Now you are cordially invited to elect DONALD LINHARES - HIGHWAY SURVEYOR, on 2 APRIL, 1985.

R.S.V.P. "At the Polls"

Donald Linhares, 53 Water St., Mattapoisett

Letter to the Editor

On March 21 the New Bedford Standard-Times published a report with the headline "Mattapoisett Firm Criticizes Phone Service". It is based on a complaint of Kenneth A. Schwartz, Vice President of Universal Industries, Inc., which is building a new plant in our Industrial Park. Mr. Schwartz mentioned especially the lack of touchtone dialing and difficulty of access for long-distance calls; which trouble all of us more or less, along with other service problems. He suggested that if he had known this, and had not relied on what he was told by local and long-distance phone companies, he might have hesitated about making the move.

Reference is also made to a statement by John Dillon of the Telephone Company in which he said, among other things, that

O, yeah? In Marion, where I have one of my offices, we have enjoyed touchtown dialing for some time. In the 1980 census, Marion had 3,932 residents; Mattapoisett had 5,597, about 30 percent more. is well-known to local audiences, being a native of New Bedford and frequent speaker at the Museum and elsewhere in the city.

Dr. Rogers will illustrate his talk with slides taken on a recent trip. His topics will include the role this Azorean Island once played as a major recruiting port for New Bedford's whalers.

Dr. Rogers reminds us that Fayal is closer to New Bedford than Honolulu is to San Francisco and suggests it is equally worth a visit. The program will begin at 8 p.m. in the Museum Theater. Admission is $2.00 for non-members, no charge for students with I.D.

LECTURE SERIES SCHEDULED AT WHALING MUSEUM

The spring lunchtime lecture series at the New Bedford Whaling Museum will be offered on four consecutive Tuesdays, April 2, 9, 16 and 23. Each program will begin at 12:15 p.m., and will feature a diversity of subjects discussed by various members of the Museum staff.

WHALING MUSEUM TRIP

PEABODY MUSEUM & HOUSE OF SEVEN GABLES

A spring trip to the Peabody Museum of Salem and The House of Seven Gables will take place on Wednesday, April 17th, sponsored by the New Bedford Whaling Museum, 18 Johnny Cake Hill, New Bedford.

The first stop at the Peabody Museum of Salem will feature "Curiosities from across the Seas". Unlike New Bedford with its whales, Salem followed the routes of trade. Wherever cargoes could be found -- China, Japan, the Spice Islands -- the ships of Salem soon appeared. Reflecting this far-flung commerce are the Peabody Museum's superb collections of paintings, porcelain, textiles, ship models and souvenirs from foreign lands. After a tour of the Museum lunch will be served at the Chase House Restaurant on Pickering Wharf, followed by a visit to The House of Seven Gables.

The bus will depart New Bedford at 8:30 a.m. and return by 5 p.m. For members of the Museum, the fee is $30.; for non-members $35.; youth (ages 6-16), $25. This includes transportation, admissions and members, $20. non-members; individual lecture, $4.

CHILDREN'S WORKSHOP AT WHALING MUSEUM

The New Bedford Whaling Museum, 18 Johnny Cake Hill, New Bedford, will sponsor two workshops for children during the April school vacation.

Children from grades 3 and 4 will be introduced to the art and craft of knots, especially as they were used on ships at sea. All participants will make their own knot boards. The two-day workshop will be offered on April 16 and 17 from 9:30 to 11:00 a.m.

The second workshop, "Rope Drawings", is planned for children in grades 1 and 2. They will use ropes not to catch whales, but to draw them in their habitats. This two-day workshop will be offered on April 16 and 17 from 9:30 to 11:00 a.m.

Each workshop is limited to 10 children. The fee is $5.00. Please call the Museum (997-0046) for reservations.

"Dear Liar"

AT MARION ART CENTER

The Marion Art Center presents "Dear Liar" by Jerome Kilty with Joan Olsen and David B. Boyce, produced and directed by Barbara S. Carns. This production will take place March 30, April 12 and 13 with an 8:00 p.m. curtain; and a matinee on March 31, 3:00.

Tickets are $5.00 for members, $6.00 for non-members, and $4.00 for the matinee. For reservations call 748-1266.

"Dear Liar" is a delightful biographical play, based on the 40-year correspondence between the English actress, Mrs. Patrick Campbell, and the irascible Irish playwright, Bernard Show.

"Dear Liar" evokes an era not driven so quickly as our own; a time when personal correspondence filled the place of the telephone, and in the hands of these two, their letters often became glorious literature.

Do join us for an interlude of "lustless lions at play".

Theatre One

A SOLID COMEDY

A new revised edition of Michael Jacobs' farce, "Chesters", will have the audience rolling in the aisles with laughter in this Theatre One Production comedy. Allen and Michelle have been living together for eighteen months; it is the first real relationship for both of them. Michelle thinks they should marry, Allen isn't quite as sure. His hesitance forces Michelle out of their apartment and home to her parents to seek their advice. To complicate matters further Michelle's father isn't aware it is Allen's mother he has been seeing for the last six months and would like to get rid of, nor is Michelle's mother aware it is Allen's father she has just spent the night with and would like to see more of. The puzzle pieces fall uproariously into place when the parents take matters into their own hands and decide to finally meet over dinner to lend their maturity and experience. It's suddenly everyone for himself in this wild, rollicking look at love and romance.

"Chesters" will be presented April 4, 5, 6, 12, 13, 19 and 20 at the Nemasket Grange Hall, North Main Street, Route 105, in Middleboro; curtain is at 8 p.m. Thursday is opening discount night.

The Lloyd Center for Environmental Studies is pleased to announce an upcoming course entitled "Coastal Spring Flora" to be held four consecutive Saturdays starting April 20.

"Coastal Spring Flora" is a four Saturday course which will introduce participants to the variety of Spring flora found in our coastal region. The first meeting, April 20, will be an all-day workshop to familiarize the group with the how-to of field identification, floral structure, and specific plants through examination of herbarium specimens, photographic slides and discussion. The following three Saturdays will be field studies to two contrasting coastal habitats. Repeated visits to the same areas will provide an opportunity to recognize plants in several growth stages.

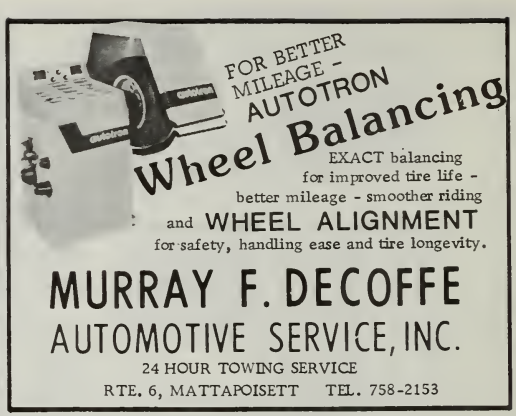
SPRING COURSES, WORKSHOPS & OUTINGS

The Lloyd Center for Environmental Studies, 430 Potomska Road, South Dartmouth has planned a full Spring schedule of courses, workshops and outings. Among the events upcoming in April are:



BUILDING BOATS - Building Boats is a 7-week course to instruct participants in the construction of a small craft by backyard builders. All aspects of small craft construction from design selection and lofting to painting and finishing techniques will be covered as participants assist in building a 12-foot rowing skiff suitable for use with a small outboard motor. Participants need not be master craftsmen but should be able to use basic hand tools. Each participant will take home a copy of the plans for the skiff built during the course. The course meets Tuesday and Thursday evenings, 7-10 p.m., from April 2 through May 15. Course fee is $90. members and $100. non-members.

ORIENTEERING WORKSHOP - Educators, youth leaders, families and all others are invited to join outdoor leadership instructor David Harris on Saturday, April 13th, 10-4, for a day of map and compass practice. An introductory session in the morning will be followed by an afternoon of orienteering activities outdoors. Workshop fee is $12. members, $15. non-members.

NATURE PHOTOGRAPH WORKSHOP - Participants will meet on two Saturdays, April 13 and 20, and two evenings, April 19 and 25, for

this photographic workshop which will help each person produce more meaningful nature photographs. Through a combination of lectures, field studies and critiques of previous field sessions, participants will sharpen their photographic skills and improve their awareness of the environment. Colorful subjects will abound during April from the subtle pastels of new buds to the vibrant colors of spring flora. Participants will supply their own 35 mm single lens reflex camera; film and processing is included in the course fee of $75. members, $90. non-members.

Of particular note this Spring is the Lloyd Center's upcoming course entitled Environmental Law and Regulations: The Laws and the Coast which will meet four Wednesday evenings starting April 24. This course will cover the basics of the legal system in Massachusetts with special emphasis on environmental legislation and regulation pertaining to the coastal zone. Attorney Edward Selig will speak about how legislation is prepared and enacted, the appeals and litigation processes, and the role of individuals in the enforcement of environmental legislation and regulation. SMU Student Art Exhibit

An exhibit of the work done by students in Southeastern Massachusetts University's design department will be shown from April 2-21 in the SMU Gallery in the College of Visual and Performing Arts (Group 6) Building. The exhibit is free and open to the public. Gallery hours are noon-5 p.m. Monday through Friday.

This art exhibit is one of more than 40 events that will take place during April and early May in celebration of the University and the inauguration of its fourth president, John Russell Brazil, on May 4. These events, designed to appeal to all ages and tastes in the community, will include lectures by distinguished speakers, art and scientific exhibits, and all kinds of music from classical to jazz.

PATTERN FITTING CLASSES

Learning how to alter a dress pattern is crucial to the home sewer. Pattern fitting classes will again be held during May, reports Ann Marie Holsinger, Extension Home Economist with the Plymouth County Extension Service. Two class series are scheduled: Tuesday mornings, May 7, 14, 21, 28, from 9:00 to 12:00 noon; and Thursday, May 9, 16, 23, 20 evenings from 7:00-10:00 p.m. A registration fee of $12.00 covers the class textbook and some supplies. Registration deadline is April 12.

The classes are open to anyone who wants to learn how to better fit hand sewn garments. Classes will be of special interest to those who sew for others - for profit or

"Spinner" Reception

A reception to mark the publication of the third volume of Spinner will be held on April 4th at 7 p.m. in the browsing area of the Southeastern Massachusetts University Library.

Spinner is a publication about the people and culture in southeastern Massachusetts. Its editor, SMU sociology Professor Donna Huse, and publisher, Joseph B. Thomas, will be on hand to welcome guests.

The occasion also will mark the opening of an exhibit of photographs by Lewis Hine, titled "Portrait of Two Cities: Fall River and New Bedford". The collection, on loan to SMU from the Bank of Boston-Bristol, N.A., will be on view through May 4th in the browsing area of the SMU Library. A film presentation, "America and Lewis Hine", will be shown at the April 4th reception.

There also will be a talk on "Women in the Mills" by SMU Professor Betty Mitchell.

The public is invited to attend the reception.

Publication of Spinner is made possible through the support of the Bank of Boston-Bristol, N.A., Southeastern Massachusetts University, the Massachusetts Foundation for Humanities and Public Policy, the Massachusetts Foundation for Humanities and Public Policy, the Massachusetts Council on the Arts and Humanities, and the Polaroid Foundation.

"When Life Begins"

"When Life Begins" is the subject of a free, public lecture at Southeastern Massachusetts University by Professor Donald J. Mulcare of the SMU Biology Department on April 8 at noon in the Board of Governors Room in the Campus Center.

The talk will consider embryonic development in humans. At its beginning is the embryo a person?

Dr. Mulcare received a bachelor's degree from Procopius College and a doctorate from the University of Notre Dame.

The lecture is sponsored by the Newman Lecture Series.

Film on Ethiopian Refugees

A film that shows the work that Church World Service is doing with refugees from Ethiopia will be presented at Southeastern Massachusetts University on March 27th. Titled "From a Dark House to One Filled With Light", the movie will be shown at noon in the browsing area of the SMU Library. The showing is free and open to anyone interested in the situation.

The film is also being shown in other locations in New Bedford until March 31. For more information call the SMU Religious Resource Center at 999-8872, the Smith Mills

Plymouth Philharmonic

SPRING CONCERT THIS SATURDAY

The Plymouth Philharmonic Orchestra, Rudolf Schlegel conducting, presents a spring concert on Saturday, March 30th. The concert is scheduled for 8 p.m. in Memorial Hall, 83 Court Street, Plymouth.

"Pulcinella" Suite by Stravinsky opens the program. "Pulcinella", a ballet first performed in 1920, represented the combined efforts of some of the most talented minds of the time - the ballet was master-minded by the great Diaghilev, Picasso designed the scenery and Stravinsky composed the score, basing it on earlier music by the Neopolitan composer, Pergolesi. Stravinsky later arranged eleven of the original eighteen numbers to form the Suite.

Also on the program are the "Posthorn" Serenade and Two Marches by Mozart. Completed on August 3, 1779, the "Posthorn" Serenade was the last of Mozart's serenades. Although it is not known for what occasion this serenade was intended, it does owe its name to the use of a "corno di posta", a coiled instrument resembling a bugle, which is introduced in the 6th movement. The Two Marches, which will be played at the beginning and end of the Serenade, were customarily used to bring the musicians on and take them off stage.

Tickets for this concert may be purchased at several locations: Plymouth Music Inc. and The Snow Goose (both in Plymouth), Notes & Quotes (Kingston), The Ruddy Duck (Duxbury), Don Ryan Music Company (Norwell), or by calling 746-8008.

This concert is funded in part by the Massachusetts Council on the Arts and Humanities, a state agency.

"Religion and Sexuality"

Three lectures on "Religion and Sexuality" will be presented during April at Southeastern Massachusetts University by the SMU counseling department and the Episcopal-Protestant Chaplaincy.

regatta's excellent, award-winning race management, BBR is expected to once again attract more than 400 boats and 1200 competitors in 1985.

Among the competing yachts this year will be J-24s and Three Quarter Ton yachts from all over the country, warming up for their respective North American Championships which will be raced on Buzzards Bay the following week.

To accommodate the growing group of Laser Masters (35 years old and up), for the first time at the regatta Masters will be scored separately for awards in the three masters classes (35-44, 45-54, 55 and up).

Eleven one-design classes are invited to participate: J-24s, Shields, Hobie Cats, Rhodes 19s, 420s, Lasers, Sunfish, Windsurfers, Widgeons, DCs and Beetle Cats, the last racing their New England Championship for the Leo J. Telesmanick trophy.

Cruising yachts will race the following classes: IOR, Three Quarter Ton, J-30, PHRF-NE Racing, PHRF-NE Cruise (without spinnaker), Multihull, Classic Yachts and Concordia, the last racing for the Howland trophy on Sunday.

Class trophies will be unique bronze or stainless sailboat models.

The three days of the regatta will include social events at the New Bedford Yacht Club.

The regatta is co-sponsored by six yacht clubs from the Buzzards Bay area: the New Bedford Yacht Club, the Beverly Yacht Club of Marion, the Low Tide Yacht Club of New Bedford, the Wild Harbor Yacht Club of North Falmouth, the Mattapoisett Yacht Club, and the Angelica Yacht Club of Mattapoisett.

All amateurs are invited to participate. Entry forms may be obtained from Ann Devine Ferreira, New Bedford Yacht Club, 208 Elm Street, South Dartmouth, Mass. 02748; telephone 997-0762.

want to go to college. New legislation signed by President Reagan on October 19, 1984 now makes it possible to accumulate more than $25,000 for college or vocational school through an Army enlistment.

The program, known as the New GI Bill, when combined with a New Army College Fund educational benefit for training in one of a number of critical Army skills, will give Army enlistees access to educational benefits authorized by the new law. The new program is available to Army enlistees after July 1, 1985.

The feature unique to the Army is a series of educational benefits which range from $8,000 for a two-year enlistment to $14,000 for a four-year tour of duty. It is available to recruits who train in critical job areas such as Pershing Missile Crew Member, Metal Worker, Food Service Specialist or Power Generation Equipment Repairer. The special Army benefits are added on top of the GI Bill benefits which are offered by all services.

Based on a four-year term, an Army enlistee can leave the service with $25,200 for college -- a $1,200 personal contribution, a $9,600 government contribution, and the special Army educational benefits of $14,400. The total package figures to a

ratio of 20 government dollars to each dollar contributed personally. For a three-year enlistment the total benefit can be $22,800, while a two-year enlistee can accumulate up to $17,000 for college.

Money is paid out to veterans on a monthly basis for 36 academic months. The rate depends upon the veteran's matriculation status, whether a full or part-time student. The veteran attending college or vocational school full-time, who served a four-year enlistment, receives $700. per month. The full-time student with a three-year enlistment receives $633.33 each month, while the full-time student with a two-year enlistment receives $472.22 a month.

According to Col. Peter S. Hoffmann, Commander of the United States Army Recruiting Battalion in Boston, the New GI Bill is well constructed. "On every level, dollar for dollar, there is more money available," says Hoffmann. "Enlistees contribute a smaller portion of their salaries than in the past, and there are larger government contributions."

One possible arrangement makes the Army college aid program particularly attractive. The Army is the only branch of the military with a two-year enlistment, and individuals who have completed two years of college can join the Army for two years and accumulate $21,000 toward their next two years of education. The program is known at "2 + 2 + 2".

The Army also offers a college aid plan to those who join the Army Reserve. After certain qualifications are met, Reservists can collect a maximum entitlement of $5,040, paid in monthly installments of up to $140. a month. Payment rates are based on academic enrollment status. This stipend is also paid for 36 full academic months.

With the new college aid program, total benefits to the veteran are greater than in past programs. Individual contributions have decreased more than 50 percent. "The combination of more available government and Army money and smaller personal contributions is bound to make the program a

big hit", says Hoffmann.

According to Hoffmann, the New GI Bill Plus New Army College Fund, combined with valuable skill training programs available in the Army, will help obtain the quality recruits the Army needs to face the future. "Because of the increasingly technical demands of today's Army, it is important that we continue to attract quality recruits," Hoffmann says. "The available money combined with the opportunity to gain experience from our skill training programs certainly makes an Army enlistment something on which today's youth can build their future."

plication to the portrayal of an assigned role in the famous fairy tale. PBT Executive Director Anne Joelle states, "The vehicle of the loved play 'Rumpelstiltskin' is an ideal way to teach children communication skills as they can identify easily with the characters in the tale."

Rumpelstiltskin is that magical creature who wishes to have the whole world to himself. He tries to accomplish this through claiming the child of the Miller's daughter. His plan does not work showing that greed can never master the world.

The members of the workshop will perform their work on the Theatre's Le Studio stage on April 27th at 10:30 a.m. and April 28th at 1:00 p.m. and 3:00 p.m. Children who wish to register for this Theatre Arts Educational Workshop can call the Theatre at 224-4888.

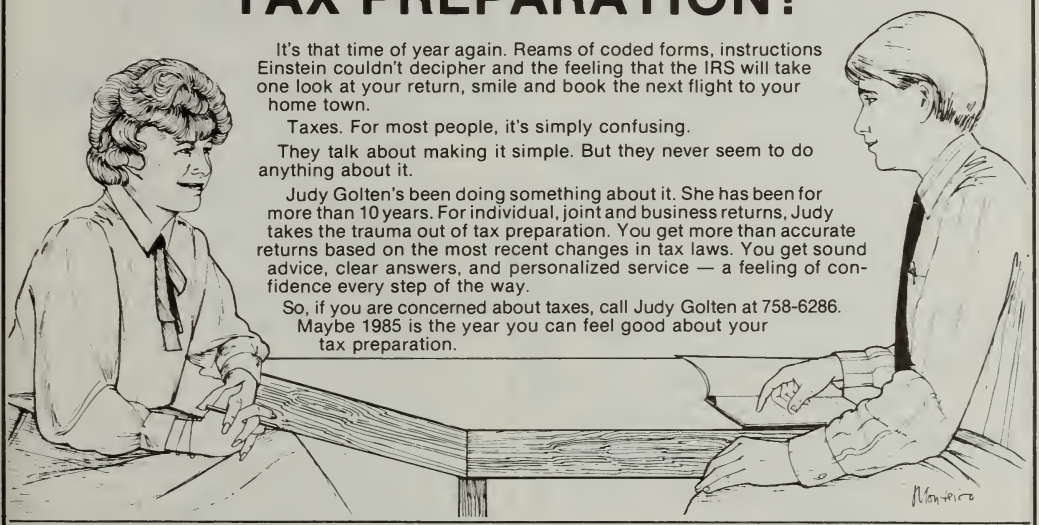
CAN YOU IMAGINE FEELING GOOD ABOUT **TAX PREPARATION?**



It's that time of year again. Reams of coded forms, instructions Einstein couldn't decipher and the feeling that the IRS will take one look at your return, smile and book the next flight to your home town.

Taxes. For most people, it's simply confusing.

They talk about making it simple. But they never seem to do anything about it.

Judy Golten's been doing something about it. She has been for more than 10 years. For individual, joint and business returns, Judy takes the trauma out of tax preparation. You get more than accurate returns based on the most recent changes in tax laws. You get sound advice, clear answers, and personalized service — a feeling of confidence every step of the way.

So, if you are concerned about taxes, call Judy Golten at 758-6286. Maybe 1985 is the year you can feel good about your tax preparation.
